

Feed Your Skin for Ageless Beauty

Let's face it, no matter what we do, time keeps ticking away and can leave us with wrinkles, sagging skin, and dark age spots. And, even if you're using the best creams or serums available, you may not be able to undo the damage that happens at the cellular level thanks to the free radicals you're exposed to day in and day out.

That's why if you want truly ageless beauty, you have to start below your skin's surface and feed your skin the nutrients it needs to be healthier, brighter, more even, and younger-looking.

More than Skin Deep

Emmy Nutrition's Vital Derma Complex delivers the exact nutrients your skin needs to stay nourished and vibrant. And, it does it in the ways your skin can best absorb it.

That's why our Vital Derma Complex comes in a two-part system – all with the optimal health of your skin in mind.

Part one is our Superior Vitality Collagen Drink Powder.

It's made with fish collagen peptides that are proven to boost skin moisture, enhance elasticity, reduce wrinkles, and leave skin softer, smoother, and more touchable. And, unlike the bovine collagen found in other collagen powder, they are easily digestible and highly bioavailable so you can be sure you're getting all of their benefits.

And, our collagen drink powder is further enhanced to boost your skin health and vitality using powerful antioxidants, vitamins, and minerals as well as our proprietary organic superfruit blend. They work synergistically to boost hydration, promote collagen formation, support skin repair, and fight the free radical damage responsible for premature aging.

Delivered In the Exact Way Your Skin Needs It

Part two is our Glowing Skin Capsule.

Why a capsule?

Well, at Emmy Nutrition, we wanted to make sure that your skin had all the nutrients it needed for the best health and most youthful appearance possible. But, some of those ingredients just aren't very tasty so in order to make sure you get the right amount, the right way, we created a small, easy-to-swallow capsule packed with the best ingredients at the levels you need to get REAL results.

Our Glowing Skin Capsule deeply hydrates your skin while lightening and brightening your tone in as little as four weeks. And, since it's formulated using potent antioxidants and the latest in ceramide technology, it promotes smoother, softer, more wrinkle-free skin.

Embrace Your Glow

At Emmy Nutrition, we say feed your skin and embrace your glow.

For gorgeous, lifted, youthful skin in as little as two weeks, mix one scoop of Vital Derma Complex Superior Vitality Collagen Drink Powder with six ounces of water and take with one Glowing Skin Capsule daily.

With the Vital Derma Complex Superior Vitality Collagen Drink Powder you get:

- **Fish collagen peptides** – Highly bioavailable for firmer, more lifted skin.
- **Astaxanthin** – Supports deeper skin hydration, improve skin texture, enhance elasticity, reduce age spots and promote an even skin tone.
- **Vitamin E** – Promotes natural protection from harmful UV rays and improves dryness for softer, smoother, healthier skin.
- **Biotin** – Supports collagen formation and boost hair health and shine because you deserve all-over beauty.
- **Copper** – Helps restore firmness and elasticity and promotes stabilization of the extracellular matrix of your skin to keep it lifted.
- **Zinc** – Promotes natural sun protection and enhanced cellular repair for skin that functions like it did when it was younger.
- **Organic fruit blend** – Supports your skin's natural process to protect against photo-damage from UV rays and the premature aging it causes.
- **Vitamin C** – Helps brighten skin and leave it glowing, vital, and gorgeous.

And, to enhance your skin health and let your inner beauty shine, our Glowing Skin Capsule delivers:

- **Hyaluronic Acid** – Boosts hydration to reduce the appearance of fine lines and wrinkles, and enhance luster.
- **L-Glutathione** – Lightens and brightens the skin in as little as 4 weeks, while fading brown spots and reducing wrinkles.
- **Myoceram** – Boosts skin moisture, and stimulates your own natural ceramide production for smoother, healthier skin with less redness, peeling, flaking, and wrinkles.
- **R-Alpha Lipoic Acid** – Promotes youthful energy in your skin cells and supports your skin's natural free radical protection.
